PROFESSIONAL SUMMARY

Senior Flutter Developer and Technical Lead with 4+ years of experience designing and delivering production Android and iOS applications. Core expertise includes Flutter, Dart, Clean Architecture, Bloc, Firebase, REST APIs, and CI/CD, with experience leading teams of 4+ Flutter developers. Delivered measurable performance improvements, including nearly 50% application startup and nearly 50% shorter mobile release cycles through performance optimization and release automation.

PROFESSIONAL EXPERIENCE

ATOCNN SYSTEMS LAB PVT. LTD.

Senior Software Engineer

Hybrid

August 2025 – Present

- Led delivery of critical features across **WowCare**, **WowInventory**, and **JSW Vessel Management System**, supporting large-scale production mobile platforms.
- Mentored 4+ Flutter developers through architecture reviews, code reviews, debugging, and technical guidance, establishing development standards that improved code quality and consistency.
- Architected and delivered 3+ production-grade Flutter solutions using **Clean Architecture**, **MVVM**, **Bloc**, **Cubit**, **SOLID**, and **GetIt**, reducing development cycles by nearly 40% through modular components and standardized development patterns.
- Automated mobile release workflows with **GitHub Actions**, **Fastlane**, and **CI/CD pipelines**, reducing release cycles by nearly 50% and streamlining Play Store and App Store deployments.
- Integrated 1000+ REST endpoints with Firebase, OAuth/JWT authentication, analytics platforms, and third-party SDKs, establishing consistent API communication and service layers across production products.
- Improved application startup performance by approximately 40%, reduced memory consumption, and optimized rendering efficiency for smoother cross-platform experiences.

Software Engineer

April 2023 – July 2025

- Led 4+ Flutter developers, delivering 60+ production features across **PineWraps**, **WowInventory**, and **PathPulse**.
- Built 3+ scalable Flutter products using **SOLID**, **Bloc**, **Cubit**, **GetIt**, and **layered architecture**, accelerating delivery by 30%.
- Standardized feature architecture and development patterns, reducing feature integration time by approximately 30%.
- Designed scalable API infrastructure using **Dio**, **Dependency Injection**, and **Repository Pattern**, improving maintainability and feature delivery.
- Optimized Flutter startup and rendering, reducing launch latency by approximately 40% and improving runtime responsiveness.

Associate Software Engineer Intern

July 2022 – March 2023

- Developed backend services for the **Alexia Global** application using **Django REST Framework**, implementing REST APIs, JWT authentication, database models, and Flutter API integrations.

ADDITIONAL INFORMATION

- **Programming Languages:** Dart, Python, Java/DSA, Kotlin (Basic).
- **Mobile Development:** Flutter, Flutter Web, Android SDK, iOS, Material Design, Cupertino
- **Architecture:** Clean Architecture, MVVM, SOLID Principles, Repository Pattern, Modular Architecture, Dependency Injection, GetIt
- **State Management:** Bloc, Cubit, Riverpod, Provider, GetX.
- **Backend & Networking:** Django REST Framework, REST APIs, GraphQL (Basic), Dio, HTTP, JSON, WebSockets.
- **Firebase:** Authentication, Firestore, Cloud Messaging (FCM), Storage, Crashlytics, Analytics, Remote Config, APNs.
- **Databases:** Isar, Firestore, MySQL, SharedPreferences, Flutter Secure Storage.
- **Testing:** Unit Testing, Widget Testing, Integration Testing.
- **DevOps & Tools:** Git, GitHub, GitHub Actions, CI/CD, Fastlane, Jira, Android Studio, VS Code, Xcode, Antigravity.
- **Security & Other:** JWT, OAuth, SSL Pinning, Push Notifications, Platform Channels, Performance Optimization, Mobile Security, Code Review, Agile/Scrum, Technical Leadership.

EDUCATION

CHHATRAPATI SHIVAJI MAHARAJ UNIVERSITY

Master of Computer Applications (MCA)

2023 – 2025

UNIVERSITY OF MUMBAI

Bachelor of Science in Information Technology (B.Sc. IT)

2019 – 2022
